

ACMAS TECHNOCRACY PVT. LTD.
company profile

COMPANY PROFILE

With over a decade of industry experience in manufacturing Weiber range of scientific laboratory equipments, we have established ourselves with the name of ACMAS Technocracy (P) Ltd. to provide highest quality equipments for various applications. We represent latest and directive technologies and incorporate an up to date know how of modern techniques, through our partners worldwide. We have a technology transfer agreement with Weiber Consultancy Gmbh Germany, a renowned technical consultancy company, to aid the product designing and development of our indigenous products and to help us provide International quality products at economical prices.

We have successfully catered the needs of above 600 institutions in India and exported our products to more than 42 countries, besides serving more than 1500 customers in corporate and private sector. The dedicated and cumulative efforts of ACMAS team members has produced and delivered the comprehensive range of scientific instruments and laboratory products.

COMMITTED TO ACHIEVE COMPLETE CUSTOMER SATISFACTION THROUGH BUSINESS ETHICS

COMPANY'S OUTLOOK

Our commitment to quality is unflinching, our hunger for growth is deep-rooted and our capacity for details is amazing. Over the decade, we have demonstrated a rare resilience and fortitude. We are determined to improve productivity and focus continuously on innovation and up-gradation of our products and people.

We are determined to serve our fraternity and achieve “ complete customer satisfaction through business ethics” We also believe in working very closely with our customers in research and development field and providing end to end customized solution beside providing high quality standard equipments from our comprehensive product range.

THE JOURNEY HAS BEGUN

RANGE OF PRODUCTS

Our wide array of products are categorized into Test Chambers, Laboratory Equipments, Sterilizers, Clean Room Equipments, Laboratory Water Solutions and Measuring Meters. All our products ensures accuracy and conformity for significant experiments.

WIDE RANGE WITH QUALITY

CUSTOMIZED SOLUTIONS

ACMAS has been delivering end-to-end customized scientific solutions on turnkey basis, serving a wide array of applications to customers from all over the world for more than a decade now. Our breadth and depth of experience in various technologies, combined with our partnership-led approach has enabled us to deliver and excel beyond clients' expectations.

With scientific industry expertise across various technological domains and process driven approach for service delivery, which is ably supported by experienced specialists in operations research and problem analysis, we are in a position to deliver value- generating creating solutions for clients.

We work in close association with our customers, which allows us to deliver within budget and time as per to the project requirements and schedule. We provide end to end scientific solutions in varied fields of basic and applied sciences.

KEY TO EVERY SCIENTIFIC SOLUTION

WEIBER ADVANTAGE

- GMP/GLP compliant systems with protocol documentation
- Ethernet connectivity : Communication through mobile phones through short message service
- Communication Through Modbus, RTU, GSM and serial printer
- 21 CFR Compliant Data Logging facility
- Inbuilt Auto Sensor Calibration facility through constant source
- Calibration results print facility through built-in thermal printers
- Complete Self Diagnostic System
- Provision for Validation Ports
- Computer Connectivity through RS 232 C Interface
- Complete System Integration with through RS 485 interface
- RF based Wireless Radio Connectivity with host computer within 100 meters
- Facility to operate the equipment from remote location
- Paper less recording of the data

STRONG RESEARCH & DEVELOPMENT

INFRASTRUCTURE & FACILITIES

The company has well built and operated manufacturing facilities that matches the latest system and technique in the industry, having units in Bawana, Delhi and Rai Sonepat, Haryana (India) and our associate unit in Guangzhou PRC. Our team strictly follows the quality control standards of ISO 9001:2000 series while designing, developing, manufacturing and delivering the scientific instruments. The manufacturing unit of ACMAS is made with complete state-of-the-art equipments and technologies for producing high quality instruments. We also acquired Environmental Friendly process certifications ISO14001:2004 for our entire range of instruments to ensure reliability and durability in each product.

We are having the company owned sales offices in New Delhi (India), Hongkong (China) and Moscow (Russia) besides having representation in 45 countries. We also have the post sales technical backup system in four places in India and are in the process of further developing them to assist the customers for post sales services.

HIGH EXPECTATION IS THE KEY TO EVERY THING

PROFESSIONAL TEAM

The continuous cooperation and support of professional team has helped us to understand and deliver the satisfactory scientific instruments right from basic lab equipment to most sophisticated instruments for research labs. We believe that our tremendous success belongs to our expert engineers, managers, co-workers and other significant team members who have put their best efforts in the growth of the organization. It is their dedication and commitment that makes us the most trusted scientific instruments brand among our all satisfied clients.

PROVIDING STRONG SERVICE SUPPORT

QUALITY STANDARDS

At ACMAS Technocracy (P) Ltd, we design and develop the complete range of scientific and laboratory instruments with highest quality standards. We constantly update technologies and methodologies to ensure reliability and consistency at each level of instruments production. Our transparent auditing system is supported by Duns & Bradstreet International, as we want to deliver the world class quality instruments to our national and international clients. We feel proud that our entire product range has brought satisfactory results for the corporate and public sector clients.

MAINTAINING THE STANDARDS

ENVIRONMENT FRIENDLY

At ACMAS Technocracy (P) Ltd, we design and develop the complete range of scientific and laboratory instruments with highest quality standards. We constantly update technologies and methodologies to ensure reliability and consistency at each level of instruments production. Our transparent auditing system is supported by Duns & Bradstreet International, as we want to deliver the world class quality instruments to our national and international clients. We feel proud that our entire product range has brought satisfactory results for the corporate and public sector clients.

WE OWE RESPONSIBILITY

SERVICES & SUPPORT

ACMAS operates a network of trained and certified technicians. We offer, in addition, a support service to help you get the very best.

TELEPHONE ASSISTANCE

Our technicians are on hand to assist with any problems outside office hours our contact line puts you directly in touch with one of our engineers. If we are unable to resolve the problem by telephone then a visit by an engineer is arranged.

INSTALLATION AND COMMISSIONING

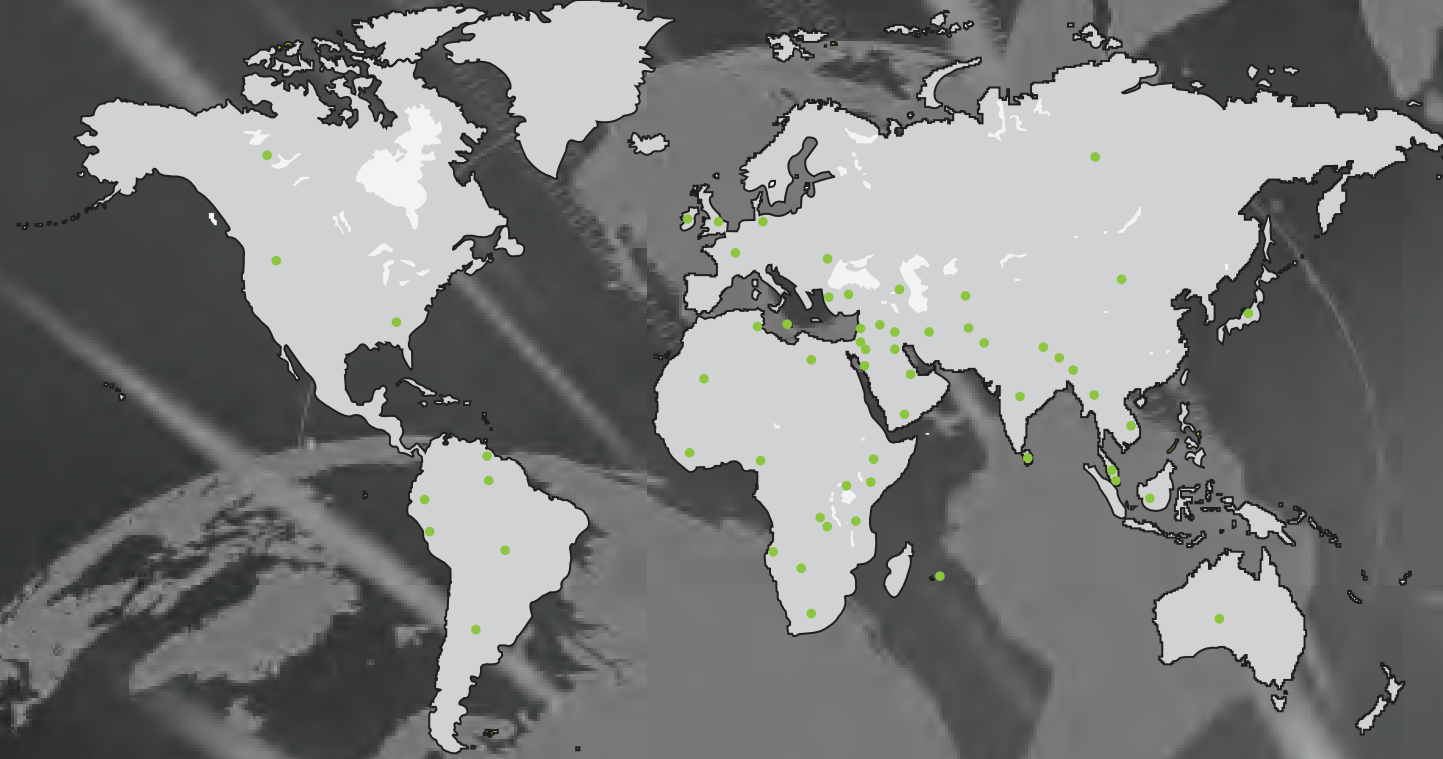

If required our technician can install equipment to current standards and give operator training. Full commissioning and performance testing are also available. IQ/OQ/PQ can also be carried out.

CALIBRATION SERVICES

We are KVQA accredited calibration laboratory and offers specialist autoclave calibration. This is usually carried out as part of a maintenance plan, but one off calibrations can easily be arranged.
