

WOOD MOISTURE METERS

MODEL NO. - ACM- 32446-M

Wood Moisture **Meters**

We are manufacturers of **Wood Moisture Meters** in India since 1990. We have developed our unique range of tobacco moisture meter, closely working with leading scientific brains of the country along with specialists of various industries, thus ensuring a high level of accuracy, performance and reliability in all our tobacco moisture meters. As a result, all our products have a huge acceptance and usages in various agro industries, food processing industries, agriculture universities, post harvest technology institutes, storage godowns and cold storages across India and abroad.

We specialize in both standard as well as customized moisture meter designed to meet specific demands of general usage customers and research oriented applications.

Over a short period of time Weiber brand have developed as reliable exporters of tobacco moisture meter in India, catering to vast markets in South East Asia, Middle East, Africa and Europe.

Apart from regular exports we are also catering to our domestic market. Our tobacco moisture meter is in great demand in various research stations, agriculture universities, cold storage and various agro based industries.

TECHNICAL FEATURES

Usage	Wood
Display	Large Liquid Crystal Display (LCD)
Measuring Range	9% to 50%
Sensitivity	±0.5%
Temperature Correction	Automatic

TECHNICAL FEATURES

Power	Normal 1.5 Volt Battery
Repeatability	±0.2%
Dimension	155mm x 70mm x26mm (L X W X D)
Weight (Approx)	2000gms

BASIC FEATURES OF TOBACCO MOISTURE METER

- Easy Usage
- Compact Design
- Sturdy Housing
- High Accuracy
- High Repeatability
- Large Display (LCD)
- Solid State Micro-Based Technology
- Fast Display Of Results (2 second)
- Automatic Temperature Correction/Compensation
- Long Lasting Battery
- Low Battery Indication Display

OPERATING PRINCIPLE

Our seed moisture meter works on the principle of measuring the electrical conductivity of a given material, bearing a fixed relation with moisture content of the given material, which is measured using a superior solid state technology and displayed on the screen.

An ISO 9001 : 2208 | ISO 14001 : 2008 | ISO 13485
WHO: GMP Products | GLP Compliant Products
